

# Roles.

We have set up the following Roles for the Australasian Environment:

- **Steel.**
- **Engineering.**
- **Concrete.**

The **.rpt** Report files will no longer be stored with the **.tpl** Template files in the folder:

**C:\TeklaStructures\15.0\environments\australasia\template**

They will be re-located to each of the roles subfolders:

**C:\Documents and Settings\All Users\Application Data\Tekla Structures\16.0\environments\australasia\system\steel**

**C:\Documents and Settings\All Users\Application Data\Tekla Structures\16.0\environments\australasia\system\engineering**

**C:\Documents and Settings\All Users\Application Data\Tekla Structures\16.0\environments\australasia\system\concrete**
